

Atom of Adam

Evolution's Theory

What is an **Atom**? An **Atom** is a fundamental piece of matter, (Matter is anything that can be touched physically). Everything in the universe (except energy) is made of matter, and so everything in the universe is made of **Atoms**.

An **Atom** itself is made up of three tiny kinds of particles called **subatomic** particles: protons, neutrons, and electrons. The protons and neutrons make up the center of the **Atom** called the **nucleus** and the electrons fly around above the nucleus in a small cloud. The electrons carry a negative charge while the protons carry a positive charge. In a normal (neutral) **Atom** the number of protons and the number of electrons are equal. Often, but not always, the number of neutrons is the same, too. The negative electrons are attracted to the positive nucleus by the same electrical force which causes magnets to work. That's what keeps the **Atoms** together.

What is an **ION**? An ion is a charged **Atom** or molecule. It is charged because the number of electrons does not equal the number of protons in the **Atom** or molecule. An **Atom** can acquire a positive charge or a negative charge depending on whether the number of electrons in the **Atom** is greater or less than the number of protons in the **Atom**. When an **Atom** is attracted to another **Atom** because, it has an equal number of electrons and protons; the **Atom** is called an ION. If the **Atom** has more electrons than protons, it is a negative ion, or ANION. If it has more protons than electrons, it is a positive ion.

How does all this pertain to Adam? In the beginning when **God** created the heavens and earth it was done through **Atoms**. He then said, "Let us make man in our own image, after our likeness," and the **Lord God** formed man out of the dust of the earth made from **Devine Atoms**, and he breathed into his nostrils the breath of life; and man became a living soul. So **God** created man in his own image; and he created them male and female. **God** named the first man **Adam**; then later **Adam** called the woman, **Eve**. **God** said, "A man shall leave his father and mother and cling to his wife: and they shall be as one flesh."

The **Lord God** also planted a Garden in Eden, and out of the ground he made everything bountifully beautiful to see and eat. However, in the middle of the garden stood two trees the tree of life and the tree of knowledge of good and evil and The **Lord put man in the Garden of Eden to care for everything in it.** Then the **Lord** commanded, “You may eat freely from every tree of the garden except for the Tree of Knowledge of good and evil. You must never eat from that tree. In the day that you do, you will surely die”. “**God** showed his love to **Adam** and Eve, by giving them all they needed and more to enjoy life to its fullest. He also gave them the ability to make choices and he gave these ancestors of all mankind an opportunity to use this ability wisely. **God** wanted **Adam** and Eve to show their respect by obeying His command, to not eat from that one tree. Everything else was theirs to enjoy freely living in peace and happiness in their beautiful paradise garden and (without a 40 hour work week to contend with) **Adam** and Eve needed to only trust **God’s** wisdom, and respect his authority over them.

However, in the beautiful new garden inhabited by **Adam** and Eve, Satan appeared to Eve in the form of a serpent. Now this serpent was craftier than any animal which the **Lord God** had made. And the serpent said unto the woman, are you sure **God** said, “You must not eat from this tree and if you do you will die? Then the serpent said to the woman, “you will not die for **God** knows that in the day you eat this fruit, your eyes will be opened, and you will be as **God’s**, of knowing good and evil.” The **Bible** says Satan is the father of lies, so of course he tried to deceive the woman, and he lied to her about **God.** So when the woman saw that the tree was good for food, that it was pleasant to look at, and that it could make her wise, she took the fruit, and ate it, and gave it to her husband who was with her; and he also, ate of it. Instantly, their eyes were opened and their spirits **became dead because they trusted their own reasoning instead of the words of God,** They died spiritually and lost with the **Lord.** They should have been grateful for life and happy in their paradise garden but **freedom to choose does not bring happiness when bad choices are made.**

Long before **God** created we humans species, he also gave freedom of choice to the **angels** he created. **God** desired honor from these **angels,** who inhabited the spirit realm, just as he desired honor from us.

Most **angels** did choose to follow **God**, and even today these **angels** worship the **Lord** and carry out his bidding, helping people in many ways. But other **angels** made a bad choice they rejected **God's** love, selecting instead Lucifer, the most beautiful angel as their leader.

Lucifer's arrogance and pride caused him to lose the honor position above **God's** throne. Lucifer fell from heaven for his rebellion, because he had challenged **God** by saying in his heart, "I will elevate my throne above the stars of **God**: I will be like the highest **God**." **Lucifer**, known also in the **Bible** as the devil or Satan, desires worship which only belongs to **God** people in order to obtain that worship, even masquerading as a beautiful angel of light, **but his lies and his false religions cause pain, suffering and destruction in life as we now know and should realize from history's lessons. L- On G+ = Conflict!**

Evolution's theory: an **Atom** itself is made up of three tiny kinds of particles called **Subatomic** particles; Protons, Neutrons and Electrons. The Protons and Neutrons make up the center of the **Atom** called the **Nucleus**. The Electrons carry a Negative charge while the Protons carry the Positive charge. An **ION** is a charged **Atom** or Molecule. When an **Atom** is attracted to another **Atom** because it has an equal number of Electrons and Protons, the **Atom** is called an **ION**. If the **Atom** has more Electrons than Protons, it is a **Negative-ion**, or **ANION**. If it has more Protons than Electrons, it is a **Positive-ion. P- On N+ = ION!**

In other words, our (**Images**) are the **Nucleus center**, of **ION**, that is made up of the **Subatomic** particles of the **Atom**. In this case (**Adam** is of **Atom**) we make the decision to conclude the **Positive** and **Negative** side of the ion (**chosen path of life**) In other words, Eve made the Negative decision in that garden that has effected the Positive side of our lives right to this very day yet, we haven't comprehended this parable as we can see from the evil influential whisper of lies effecting our Negative-decisions of today due to influence of (**Power-Greed-Ignorance-Hate**). It's happening all around us, as we can sadly, testify. In retrospect, the degree of what Eve did, was minor in scope to the Negative evil decisions of today!
